RAL QUALITY MARK CANDLES

San Pietro Mosezzo, 15/10/2026

TRECCIOLINO MP series wicks

This line of wicks, mainly aimed for memorial and pillar candles, is of the highest quality and is composed of braided wicks made from pure cotton 100%. The number of strands can vary, depending on the wicks' intended dimensions and on the internal cores that are also made from cotton 100%.

No metal core – Pb-free (lead-free), nylon-free

Our wicks are not treated neither with chlorine, nor chlorine by-products in order to improve their combustion. They are not treated neither with boric acid, nor borax.

We hereby declare that the chemicals used in the production of our wicks do not include any of the SVHC substances (i.e.: *Substances of Very High Concern*)nor any of the substances requiring special ECHA authorisations (CHK) to the present date.

Our wicks comply with **RAL (CANDLE QUALITY ASSURANCE RAL-GZ 041)** requirements, which include, among others, the following points:

- the cotton in use has got to fulfil the criteria of 100 OEKO-TEX®, Standards 100 I or II;

- the wicks must not contain more than 5mg/kg lead or 5 mg/kg nickel.

To be kept away from dust and humidity.

No particular care is needed in handling and storage.

Our wicks are eco-friendly. We certify that no harmful substances have been used in the process.
