

# What is Crystal OPC?

**Crystal OPC is a unique base  
that can be used for a variety  
of end products.**

The product is a foaming bath butter, which can be used to make sugar and salt whipped scrubs, shaving foams, soap 'frostings' and bath soufflè's, all from this one base.

Crystal OPC is paraben and MPG free, can be used for shower, bath and facial applications, and has a mild, moisturizing formulation with a luxurious lather. Read on to find out how you can use this versatile product to enhance your product range.
