

Syndopour Shampoo MB

Produce natural, pH-balanced bars for all haircare needs

Introducing Syndopour Shampoo MB, a versatile melt and pour syndet base tailored for creating premium shampoo bars. With RSPO certification, it presents opportunities for crafting solid haircare bars with nourishing properties, mild on both the scalp and hair.

This innovative base simplifies pH-balanced haircare bar production, ideal for small-scale operations. Syndopour Shampoo MB delivers a lavish lather and robust foaming, forming the basis for a gentle and natural array of bars, catered to a wide range of haircare requirements.
